

Cafe Menu

Description

default watermark

At Cafe Carberry, nothing makes us happier than creating a satisfying experience for our customers.

Our baristas take their craft seriously, delivering the favoured black beverage with a warm and friendly service that has created a strong and loyal following.

Our experienced and dedicated kitchen staff serve up delicious â€˜in-houseâ€™ made breakfast and lunch dishes, with menus designed to deliver the best in freshness and flavour for all who visit our Belfast restaurant.

Free wifi helps turn downtime into uptime for business people on the move, and with music as smooth as our cappuccinos, we have created the perfect ambience for our valued clientele.
