

One of the best independent coffee shops

## Description

«One of the best independent coffee shops

I visit [Cafe Carberry](#) at least once a month and have done so for at least 5 years. There's more coffee shops in the vicinity now but they're all corporate clones or a bit down at heel so I've stuck with the good one.

Coffee is made exactly as requested, even if you're looking something unusual. Once the staff get to know you they offer the usual, given the large number of customers this is impressive. Many of the customers come from the nearby courts and don't have a lot of time however as the staff are so efficient this isn't a problem.

The [cafe](#) is nicely decorated with artworks around the place. Newspapers are always available too. The atmosphere is jolly and quiet enough for the customers to read files etc.

**I would recommend this coffee house to everyone.**
