

Love Sandwiches and Wraps

Description

â€œLove Sandwiches and Wraps

Often I get bored of sandwich lunches, but [Cafe Carberry](#)™s are in a class of their own and I have attended quite a few meetings where they have been responsible for the [catering](#).

from original quote on [TripAdvisor](#)

The flavours and ingredients of their mixed sandwiches are yummy, the ingredients always fresh. The traybakes are also fresh and wonderfully sweet and large. Definite good place!
