

The coffee is really good

Description

â€œThe coffee is really good

I regularly go to this [cafÃ©](#) for [lunch](#) and sometimes I even make it for [breakfast](#) as it is so handy when in the city especially around the legal quarter early in the am.

Their staff are very attentive and polite which you donâ€™t always get in cafes.

No matter what time Iâ€™m going into work it seems to be open 7.30/8am anyway.

The coffee is really good and I love my decaf latte which I find hard to get a good version around the city.

Their breakfast is everything you could want from fruits to fries.

â€œLunches are really good too.

If youâ€™ve got a hearty appetite for a hot lunch, I recommend the Hotpot which is on most days and my particular favourite is Beef Bourguignon but thatâ€™s only on special days but that is just yummy and one of my favourite dishes.

I have had a few of their salads for lunch and they are very fresh and delicious.

They do all the usual sandwiches but their fillings are freshly made or you can buy from the cooler is you need along with takeaway drinks if you are in a hurry and also they use that nice grainy brown which I like.
